I am a Computer Science undergraduate at Indiana Unviersity looking to pursue graduate school and potentially a PhD in the field. Currently, I am a Junior on track to receive my MS and my BS at the same time through SICE's accelerated MS program. With two years of college-level computer science courses under my belt, I believe I am ready to pursue internship opportunities.

Specific areas of study at SICE:

- Object Oriented Programming / Systems (Python, Java)
- Discrete Mathematics / Logic
- Data Structures & Algorithms
- Database Concepts
- Low Level Programming (C, Assembly) & Unix

Programming Experience:

Language	Comfort Level	Years of Experience
Python	Comfortable	3
Java	Very comfortable	2
HTML/CSS/JavaScript	Very comfortable	2.5
C	Somewhat comfortable	2.5
C++	Somewhat comfortable	1.5
C#	Somewhat comfortable	< 1

Environment Experience:

OS / Environment	Comfort Level	Years of Experience
Windows	*Extremely* comfortable	8
GNU/Linux	*Extremely* comfortable	3
MacOS	Willing to learn	0
